Distribution Made from HOVENSA “TSEP” Escrow fund. Under a 2011 consent decree with the United States and the Government of the Virgin Islands, HOVENSA funded a \$4.875 million escrow account to be used for territorial supplemental environmental projects for the benefit of the Virgin Islands. Use of this escrow fund was delayed for a variety of reasons. On March 26, 2018, the first distribution was made from the escrow fund, in the amount of \$318,427, which is to be used for an automation project that the Virgin Islands Department of Health procured for an integrated web-based solution to the Division of Vital Statistics’ birth and death registry.
